Hello –

I would like to take this time to formally introduce you and your staff to AudioMed, Inc. We are a full service audiology distributorship that has served Southern California and Nevada for over 35 years.

After careful consideration we have decided to open a Northern California location. Our office is located in Dublin and we look forward to seeing you soon. Please contact AudioMed for all your equipment and calibration needs.

Our service staff of technicians are all NASED (National Association of Special Equipment Distributors) certified, so you can be assured that your audiology equipment will be calibrated by technicians who have the most up to date training to insure accuracy. Our technician staff also attend factory training to further enhance their knowledge and expertise.

We look forward to meeting with you soon. In the meantime, our office number is 800.982.7762 or you can contact me personally at the number below.

Thank you.
